Members of the Iran Association of Social Workers are visiting different social services agencies in Italy, with members of the Italian Association of Social Workers Assnas Direttivo Nazionale.

The need for social work is universal and how it is practiced in communities around the world is shaped by local cultures, customs, and policies.

Congratulations for this initiative and we wish you every success in this training trip

*IFSW global cita e loda più volte sulla sua pagina facebook internazionale la conferenza internazionale organizzata da Ass.N.A.S. con IFSW Europe ed i colleghi dell'Associazione Assistenti Sociali Iraniani in visita ai Servizi Socio-sanitari del Lazio, con i confronti culturali e professionali seguiti: il dialogo tra paesi, culture e professioni è sempre una ricchezza da condividere e diffondere! E sono un onore ed un piacere immenso aver servito i principi di IFSW e aver fatto salire il valore dell'Italia e del nostro Servizio Sociale alla conoscenza, alla visibilità e all'apprezzamento di tutto il mondo!!!! GRAZIE*
